New Chapter Formed

On September 9, 1965, a meeting was held and officers were elected to staff the newly formed Permian Soaring Association.

It was decided to incorporate and, as soon as the charter was received, to purchase a 2-22E.

On October 13, 1965, the charter was received and a 2-22E was purchased from the factory. It was delivered on November seventh and began flying the next day, a total of ten flights having been made at that time.

We are looking forward to the coming soaring season and lots of fellowship with all our soaring friends from everywhere.
