

# Soaring

## NEEDS ARTICLES

on soaring technique, club organization and operation, launching equipment, and other topics of interest both to the beginner and the experienced pilot.

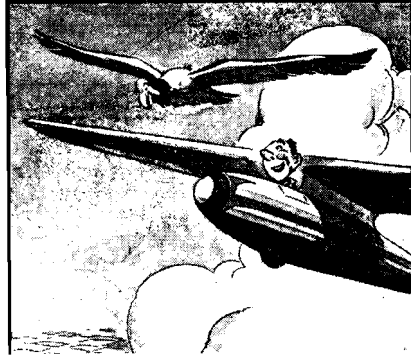

## ALL MEMBERS

are encouraged to send in articles and, if possible, glossy enlarged photographs and/or black ink drawings to illustrate them. It is preferred that material be double spaced on a single side of the paper.

*News items are also welcome*

## SAILPLANE and GLIDER

The only British Journal entirely devoted to  
Gliding and Ultra Light Aircraft.

It was founded in 1930 and, except of the  
early war years, has functioned ever since as a  
leading journal covering flying for sport—It cir-  
culates all over the world and has correspond-  
ents in every country where gliding is practiced.

If you wish to hear more news about Gliding  
Achievements, Sailplane Design, Meteorological  
Observation as applied to Light Flying, you  
should subscribe to SAILPLANE AND GLIDER.

Send your subscription, \$3.80, to

Rolls House Publishing Co.

Rolls House, Breems Buildings

Fetter Lane, London, E.C.4

England

This will ensure SAILPLANE AND GLIDER  
being posted to you for 12 succeeding months.

*A few back numbers and a few bound volumes  
are available.*
