

AT THE 20th NATIONAL. THE *New* LONG WINGED 1-23D

**ANOTHER CAA APPROVED SCHWEIZER SAILPLANE
MARKED IMPROVEMENT IN PERFORMANCE
THE TOP ALL-AROUND SAILPLANE**

At this year's National Soaring Contest — the newly approved 1-23D Sailplanes will be out for records and the Championship. Developed from the famous 1-23 and the B and C versions, it is the latest addition to the famous line of Schweizer Sailplanes.

Marked improvement in performance, lower sink, better glide and penetration—all this without losing the tight turning ability and that same easy handling that makes for enjoyment and high performance.

The new D Model with a span of 50 feet is now in production, incorporating many new improvements, it is the top all-around sailplane.
