Two Briegleb BG-12A sailplanes just after landing at El Mirage Field, Adelanto, California. In the first is William G. "Gus" Briegleb, designer of the ship, and in the other is Ross, his eldest son, chief flight instructor of the Briegleb Soaring School. The Briegleb Aircraft Co. at El Mirage Field is now producing economy and deluxe kits of the BG-12A as well as selling plans alone for the design.
