

AMERICA'S PREMIER PRODUCTION SAILPLANE

Total Performance: Paul Bikle's new world altitude records and Joe Lincoln's 459 mile flight are examples of our "Total Performance Concept" which considers all factors for greatest soaring satisfaction.

Order your 1-23H now for summer delivery.

For more information contact our dealer in your area or write direct.

Lower Cost: Schweizer's all metal construction means minimum maintenance—Low depreciation—Higher resale—It's an investment, not an expense.

Safety: The limiting speed dive brakes, plus the rugged all metal construction combined with excellent flight characteristics, mean maximum pilot safety—a 1-23 is low cost insurance.

MEMO

Finance Plan now available makes it possible to own your own sailplane.
