## Sailplane Census Again

Another reminder for everyone who owns or is building a sailplane in the U.S. to make sure that SSA's sailplane census keeper, C. A. "Gus" Street, Jr., has the N#, make and model and owner's name and address. If you have a sailplane that is not listed or not listed correctly in the 1960 SSA Soaring Directory and have not yet sent the information to Gus at Rte. 1, Strawberry Hill Farm, Advance, N.C., please do so.

Whenever you sell or buy a sailplane and fill out the official FAA forms, or whenever you change your address, let Gus know, too.
