How Many? Total of five or six. Have two at present.

Investment required? Modest.

Sailplane? TG-3A #114, last one built.

Where? Randall Airport, Middletown, N. Y.

Contact: Brian Seabury, Box 52, Thompson Ridge, New York.

Transistorized Gyro

Gentlemen:

Through the efforts of our Engineering and Research department we have developed a Transistorized Sailplane Flight Gyro System, comprised of a Transistor Power Unit, Flight Gyro, light-weight 6-volt battery and charger.

This system has created considerable interest along the eastern seaboard and it is our intention to show and demonstrate it at the forthcoming National Soaring Championships at Elmira, New York, in July.
