Announcing the 1964 Southern California Soaring Championships

The Southern California Soaring Assn. and the Associated Glider Clubs of Southern California have announced that they will co-sponsor the 1964 Southern California Championship, in four parts, each at a different site. The dates and locations are as follows:

April 25-26. Taft Airport.

May 30-31. Skylark Field, Elsinore.

July 18-19. El Mirage Field.

Sept. 5-7. Inyokern Airport.

The Championships are being sanctioned by SSA but will not be a Regional, as such, because of the interrupted dates and various classes of competition, as follows:

Class I—Sailplanes with L/D of 25-to-1 or over.

Class II—Sailplanes with L/D under 25-to-1.

Team Class—Two or more pilots flying same sailplane.

Two-Place Class.

The contest series is designed to provide competitors with high sportsmanship and competition standards. A major aim is to encourage owners, operators and clubs to participate in competition and thus stimulate the appeal of this type of soaring to its maximum.

Other clubs that will assist the sponsors in conducting the con-

tests include the Orange County Soaring Assn., the Antelope Valley Soaring Club and the China Lake Soaring Club.

Calendar

Items listed in bold-face type are to be sanctioned by SSA.
