Holiday Soaring School

Tehachapi Airport, Box 6, Tehachapi, Calif. 93571

Your Hosts: Fred and Goldie Harris

Letters

South Of the Border

To Helen Dick:

We have about 25 members in our club, "Club Palmeadores de Mexico, A.C." We have a TG-2, a 2-22, a Bergfalke and a Standard (the new modification of the L-Sptaz 55 with laminar wing).

There is another club in Puebla (60 miles from Mexico City) with a Rohnlerche and a Mucha Standard.

Interest in soaring is just starting. During the season (September to May) flying condition are Texas-like, but crosscountry flights are not easy since the terrain is rather rough and sometimes villages are very far apart.
