SELECT YOURS NOW FROM THE WIDEST RANGE OF FINE VANE-TYPE AND ELECTRIC INSTRUMENTS

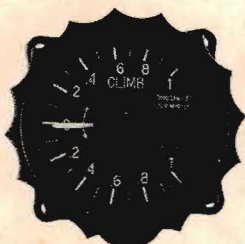

PZL WRs 5A

This excellent 5-meter instrument from Poland is rapidly becoming the standard by which other variometers are compared. Top value, but in short supply. Order now for summer flying. Available with 1000-fpm or 10-knot dial.

Price, including 1/2-liter thermos and best-speed-to-fly ring\$50.00
PZL total-energy compensator 15.00

LUDOLPH STV_a

The finest vane-type variometer. Features zero adjustment and individually calibrated 1000-fpm dial. Delivery from stock.

Price, including 1/2-liter thermos and best-speed-to-fly ring\$75.00
Burton total-energy compensator 13.50
(May be used with any 1/2-liter system.)

WINTER STV 5

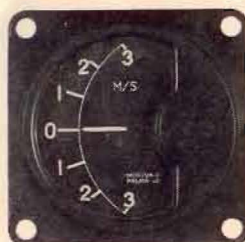

German horn-type variometer, noted for high quality and reliable operation. Available with 1000-fpm or 10-knot dial. Delivery from stock.

Price, including 1/2-liter thermos\$51.75
Best-speed-to-fly ring 7.50
Winter total-energy compensator 19.50

Winter combination Airspeed-Variometer specially calibrated to suit the performance of your own sailplane. (Please provide polar if not one of the popular types.) Your choice of FPM and MPH, knots and knots, meters/second and Km/Hr., etc. With this instrument you just select thermal velocity and fly to match the dual pointers for best cross-country speed. Allow about 60 days.

Price for the complete system, including total-energy compensator.....\$130.00

MINIVAR 1B

The New Electric Variometer from Switzerland
2 1/4-inch fully shielded indicator. Dual scales, 3 and 6-meters/second. Minivar is a complete audio-visual system, with total-energy compensator and damping restrictor included. All cables color coded for easy installation.

Price.....\$175.00
Kollsman long-case 0-2000-fpm Rate-of-Climbs, certified, matt white on black dials\$75.00

Many of the above variometers are available in other ranges to special order. As one of the leading importers of European instruments we can offer early delivery on other makes not listed above.
