

*The flying aces of World War I  
and their duels in the sky—in*  
**ERNEST K. GANN'S**  
finest novel of men and planes  
**In the Company  
of Eagles**

The *New York Times* praises the new novel by the author of *The High and the Mighty* and *Fate is the Hunter*: "Extraordinary descriptions of flight, of the tiny, acrobatic planes soaring and juddering through the skies! There is probably no one writing today who can surpass Ernest K. Gann in evoking the excitement and mysterious exhilaration of flying. Mr. Gann has wings, and you will too!"
