## New Radio Subcommittee Chairman

John Graves, Chairman of the Technical Committee, has announced that Frank L. Hicks, Jr. of Pasadena, California, has accepted the position of Chairman of the Radio Subcommittee. Mr. Hicks has a wide background in the field of airborne electronics. At the present plans are being made to perform a critical evaluation of the various VHF radio equipment on the market which has application in sailplane operations. Anyone interested in working on this committee is requested to contact its chairman at his home address: 291 N. Craig Avenue, Pasadena, California. Also, anyone wishing to consult with Mr. Hicks on radio problems is invited to contact him.
