Skiing on the nearby slopes, while you enjoy our modern and well equipped Soaring site. Fly one of our 1-26's or take some instruction in a brand new 2-32 and let a "PRO" show you where to find that great big "Boomer" of a Wave. If you should like to bring your own ship, we'll be glad to open the door on our new hangar. The club house with kitchen facilities and its new addition of a private bunk room with shower will help to make your stay an even more pleasant one, and there is a good chance that you will meet some very interesting people. In case you fly in, we don't see how you could possibly miss that new 6000 foot long runway. So come and get your Diamond!
