

SCHWEIZER 1-26

NOW

Be Ready for '66

FAA TYPE CERTIFICATED

**BUILD YOUR OWN
SAILPLANE...**

Factory finished parts and sub-assemblies—Completely welded and primed fuselage. Detailed manual and complete set of production drawings makes the 1-26 an interesting and rewarding project.

The 1-26 is America's most popular sailplane—Only FAA Approved Kit—More than 300 1-26's soaring in America. Over 100 built from kits by their owners. Interesting and rewarding to build—Tops for fun flying!

Visit or write your nearest Schweizer Dealer for information, Finance Plan and Delivery Schedule.
