The choice can be yours with a 1-26. More than 300 are being flown over the North American Continent. An increasing number of 1-26 fly-togethers are being scheduled each year. They range from informal weekend inter-club meets to the keenly contested North American Championships.

Interest in one design flying is growing in popularity. Soaring get-togethers where the individual pilot's skill is the determining factor. The real Status — is one-design Soaring.

If you soar for fun, remember the 1-26 is America's most popular sailplane. Ideal for all types of soaring. Contact your nearest Schweizer Dealer or write direct.
